June 26, 2024

Dear Neighbor:

On **Wednesday, July 3, 2024**, the Village of Sturtevant will hold its annual fireworks display. The fireworks are scheduled to begin at dusk that evening. As you know from past years, this event brings increased motorized and pedestrian traffic on Charles Street into Firemans Park.

Due to the increased pedestrian traffic in the park area and on the street, we will close Charles Street to all vehicle traffic at **8 p.m. that night**.

No vehicular traffic will be allowed onto Charles Street after 8 PM until the conclusion of the fireworks display. If, after 8 PM, should an emergency exist where you need to exit your business and leave onto Charles Street, please contact our dispatch center at 262-886-2300, and we will have an emergency vehicle respond and escort you on Charles Street to exit.

If you are having social events at your business or have deliveries on July 3rd, please let all affected parties know that entry to Charles Street must be made before 8 PM or after the fireworks display. If you should have questions, please contact Captain Tim O'Neill at (262) 886-7230. We thank you for your support in making everyone safe during the holiday celebration.

Sincerely,

Chief Sean M. Marschke
